6 ROSTER INFORMATION

Team Sports

A team's roster is formed throughout the regular season. The first and last names of those participating in a game must be listed on that game's scorecard. The individuals that are listed on these scorecards constitute the team's roster. The manager is responsible for ensuring that each scorecard, including the roster printed, is complete and accurate. A team may add players to its roster. On the scorecard of the game in which the team will be using a new player, that player's name and ID number is to be listed and circled. Additions may be made through the last league game.
